

Policy Statement

1. This statement applies to all land, property and activities within the control of **Cyngor Cymuned Llanystumdwy**.
2. **Cyngor Cymuned Llanystumdwy** is committed to protecting and enhancing the environment and minimising the environmental impact of its activities.
3. **Cyngor Cymuned Llanystumdwy** manages its activities in an environmentally-sustainable manner.
4. In order to reach its goal, **Cyngor Cymuned Llanystumdwy** must fulfil the following objectives:
 - Promote and implement environmental management policies where appropriate.
 - As a minimum, conform with the requirements of relevant legislation.
 - Be environmentally efficient and responsible in the use of water and energy.
 - Promote environmental responsibility in the use of services and goods.
 - Minimise the production of waste as far as practicable and reuse or recycle as appropriate.
 - Minimise the creation of pollution and, if possible, create none at all.
 - Raise the awareness of the members of **Cyngor Cymuned Llanystumdwy** of environmental impacts arising from activities and performance and promote good practice by individuals.
5. While **Cyngor Cymuned Llanystumdwy** accepts principal responsibility for implementing this policy, individuals play an important part in collaborating with those responsible for protecting the environment. Individuals are required to adhere to the rules and requirements made under this policy.

Adopted:April 5th, 2018

The Policy Statement will be updated every four years, or sooner as a result of new regulations or a change in legislation. A majority of two thirds of all Councillors will be required in order to amend the Policy Statement.

Signed by:Marian Evans..... (Chairperson)
